

Cool-Jams ~ Perfect Getaway Sleepwear That Travels Like a Dream!

By Susan Miller

What keeps you cool when you want to be cool, warm when you want to be warm, feels silky to the touch, and looks great? Cool-Jams sleepwear! In side-by-side testing, Cool-jams dried twice as fast as other wicking sleepwear brands and three times faster than similar weight cotton sleepwear. The innovative moisture wicking smart fabric keeps your temperature controlled all night. And because it's soft, compact, lightweight, wrinkle-resistant and very quick drying, it's perfect for traveling. What's more, each year Cool-Jams, Inc. donates 20% of its profits to charities that help women and children around the globe.
